

Gen. Robert
381 East 272
Eugene Ore
June 18, 1979

Dear Mr. Gordon,

I am writing to you as a citizen and
resident of the state of Ore.

I understand there is a possibility that
the Duane-Rose Nuclear Power Plant may
resume operation this week. I am requesting
that you get a fact to the until we can be
sure by means of public hearing, that the plant
can be run safely. At this point I do not believe
they can, nor can most of the general public.

Very truly yours,
Gen. R. G. G.
