U.S. Department of State  
Washington, D.C. 20520

Dear Mr. Helfrich:

Enclosed please find an amendment request from the U.K. Treasury and Supply Delegation to increase the amount of material authorized for shipment in its license XU08455.

Before taking action on this license amendment, we would appreciate your views, in accordance with established procedures and from the overall perspective of the Executive Branch, as to whether the issuance of the requested license amendment would be inimical to the interests of the United States, including the common defense and security, and whether the proposed export meets the applicable criteria in the Atomic Energy Act as amended by the Nuclear Nonproliferation Act of 1978.

Sincerely,

A handwritten signature in black ink, appearing to read "Marvin R. Peterson".
