Dea. Mr. Helfrich:

Enclosed please find an amendment request from Westinghouse Electric Corporation to add the SENA facility as an additional ultimate consignee on its license XCOM0142.

Before taking action on this license amendment, we would appreciate your views, in accordance with established procedures from the overall perspective of the Executive Branch, as to whether the issuance of the requested license amendment would be inimical to the interests of the United States, including the common defense and security, and whether the proposed export meets the applicable criteria in the Atomic Energy Act as amended by the Nuclear Nonproliferation Act of 1978.

Sincerely,

A handwritten signature in black ink, appearing to read "Marvin R. Peterson".
