Gentlemen:

This is in response to your letter of June 15, 1979 in which you described specific actions you will take in attempting to resolve the continuing shipper-receiver difference problem between Naval Products Division and UNC Recovery Systems. As indicated during the June 6, 1979 meeting, we find the September 1, 1979 target date acceptable. However, in view of the importance of this matter, we request that you keep us informed of your progress in implementing specific actions. Because of the relatively short time frame, verbal notification to Mr. C. W. Emeigh, Licensing Reviewer for NPD, is acceptable.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. Partlow".
