August 14, 1979

Mr. Walter P. Haass, Chief
Quality Assurance Branch
Division of Project Management
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Haass.

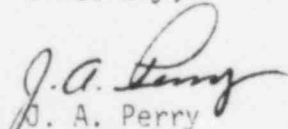

SUBJECT: Quality Assurance Program Topical Report (XN-NF-1A)

Pursuant to paragraph 2.8 of the subject Topical Report, this letter provides notification of minor programmatic changes. These changes are delineated in the Revision 3 pages, transmitted herewith.

This letter also provides notification of a recent organizational change that impacts Figures 1 and 2 of the subject Topical Report. This organizational change took effect on August 1, 1979. The substance of this organizational change deletes the position of the Vice President and Executive-In-Charge, Nuclear Fuels and in its place adds a Vice President and Executive-In-Charge, Fuels Manufacturing Department and a Vice President and Executive-In-Charge, Engineering and Technology Department. With this organizational change, the Manager, Nuclear Fuels Engineering now reports to the Vice President and Executive-In-Charge, Engineering and Technology Department. Likewise, the Manager, Manufacturing-Richland and the Manager, Materials and Purchasing now report to the Vice President and Executive-In-Charge, Fuels Manufacturing Department.

Four copies of Revision 3 pages are included for your information. The next published revision to the subject Topical Report will include the minor programmatic changes indicated in the first paragraph above and the organizational changes required as a result of the organizational change which took place on August 1, 1979.

Sincerely,

J. A. Perry

Manager, Quality Assurance
