

July 25, 1979

Director
Nuclear Regulatory Commission
Washington, DC

Dear Sir:

On April 20, 1979 under the Freedom of Information Act I requested information about the location of storage areas for nuclear waste and power plants. I understood that there was a ten-day limit on replies to letters requesting information under the Freedom of Information Act. To date I have not even received an acknowledgement of my letter.

In the event it was lost in the shuffle I am enclosing a copy. I am still very interested in receiving this information.

Yours truly,

Lyn M. Snyder
