Dear Mr. Denton:

I live in Montgomery Co. Penna.  
Phila Electric Co. now want to divert water  
from the Delaware River, across my county,  
to cool off Jermersburg Pa. Nuke plant.

Don't let them use us

Don't let them pump radioactive  
smoke in my Co.!

Don't let them use their super  
knowledge of what is safe when they  
really don't know!
