(Freedom of Information Request)

Dear Sir or Madam:

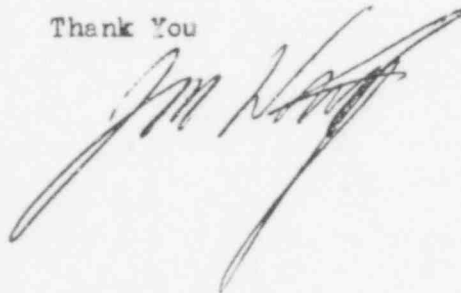

This will request disclosure of materials available from your agency under the Freedom of Information Act and the regulations of your agency, including all information concerning the operation of experimental atomic devices and storage of atomic material and wastes on or about the campus lands occupied by the University of Idaho, located in Moscow, Idaho.

Under present regulations and case law pertaining to the Freedom of Information Act, I believe these documents are available to me and other members of the public. They are not exempted from required disclosure under present interpretations of the act, and it is believed the Justice Department would concur that the information must be released under terms of the act. Your agency is believed to have custody of these documents, but if it does not, I would request prompt notice of their current location.

If any portion of this request is deemed denied, I request a detailed statement of the reasons for the withholding and an index or similar statement of the nature of the documents withheld. To expedite this request, I would be willing to discuss specific deletion or other exemption claims in advance of final decision by the agency. In the event of deletions I request that a reason be stated for each partial denial of access pursuant to the act. I promise to pay reasonable charges incurred under regulation for search and copying of these documents, upon presentation of an invoice along with the finished documents. If search and copying fees exceed \$25, please telephone me in advance at the above telephone number for agreement to such charges.

I look forward to hearing from you within the next ten working days with the documents requested.

Thank You
