Dear Members of the Board:

Enclosed for your consideration are Licensee's Proposed Findings of Fact and Conclusions of Law, together with a supporting brief.

On Friday, June 22, Mr. Miller advised you that the Licensee might seek a stipulation from the other parties and a preliminary decision by the Board which would allow installation of the first four absorber racks before the upcoming September refueling outage at Zion. Please be advised that Licensee no longer intends to request such authority.

Sincerely,

Philip P. Steptoe
