Re: IE Bulletin No. 79-19
Special Nuclear Material License SNM-1148
Byproduct Material License 34-10864-01

Dear Mr. Keppler:

The following information is furnished in response to IE Bulletin No. 79-19 received in your letter of 10 August 1979.

There is no low-level radioactive waste generated in the operations carried out under licenses SNM-1148 and 34-10864-01. As I understand IE Bulletin No. 79-19, this means we do not have to take the other actions specified in that bulletin.

Sincerely,

Gordon L. Griffith, Chairman
Department of Physics
