Those on Attached List

Gentlemen:

Subject: Functional Redundancy in Instrument Failure Detection

At the June 8, 1979 Noise Diagnostics and Surveillance Research Review Group meeting I asked Dr. R. Albrecht of the University of Washington (consultant to the Review Group) to provide a review of functional redundancy for detecting instrument failure. Enclosed for your information is a copy of his report.

Sincerely,

A handwritten signature in cursive script that reads "William S. Farmer".

William S. Farmer, Chairman  
Noise Diagnostics and Surveillance  
Research Review Group  
Division of Reactor Safety Research
