MECHANICAL ENGINEERING DEPARTMENT

July 3, 1979

Mr. Eldon J. Brunner, Chief
Reactor Operations and Nuclear Support Branch
U. S. Nuclear Regulatory Commission
631 Park Avenue
King of Prussia, PA 19406

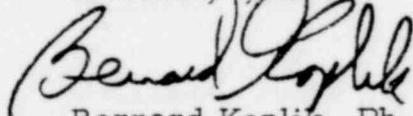

Dear Mr. Brunner:

This letter is written in response to your letter concerning the inspection of our reactor facility by Mr. R. Architzel on April 25-26, 1979.

The one item of non-compliance noted by Mr. Architzel was a failure to have the Emergency Procedure posted inside and outside the ZPR room at the beginning of the inspection. Actually, at that time, copies of the Emergency Procedure were on the desk of Brother Gabriel Kane, Chief Reactor Supervisor, after having been retyped with a few modifications. They were posted before the end of the inspection.

I hope this satisfies the item of non-compliance referred to in your letter of June 28, 1979.

Sincerely yours,

Bernard Koplik, Ph. D.
Reactor Administrator
