September 21, 1979

Dr. Harold R. Denton, Director  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Dr. Denton:

Subject: Commonwealth Edison's Reorganization  
of Nuclear Activities

Commonwealth Edison has reorganized its nuclear power plant design, operations, and licensing activities. On September 6, 1979, I was appointed Manager of Nuclear Operations. My primary responsibility is for all nuclear engineering, production, and licensing activities. The Nuclear Stations Division, Station Nuclear Engineering, Nuclear Licensing, Nuclear Fuel Services, and Environmental Affairs Departments report to me.

Continuing to serve in their current positions are:

Frank A. Palmer - Nuclear Stations Division Manager  
Wayne L. Stiede - Station Nuclear Engineering Manager  
William M. Kiefer - Director of Nuclear Fuel Services  
Joseph P. McCluskey - Director of Environmental Affairs

Mr. D. Louis Peoples has been appointed Director of Nuclear Licensing and will be responsible for all of Edison's nuclear licensing activities. Will you please direct all correspondence sent to Byron Lee, Jr., or Cordell Reed, which includes all mail related to nuclear licensing applications or the continuance of existing licenses, to:

Mr. D. Louis Peoples  
Director of Nuclear Licensing  
Commonwealth Edison  
P.O. Box 767  
Chicago, IL 60690  
Phone: 312/294-3973

Mr. Peoples has the responsibility of communicating to senior management and to the entire Company on licensing matters.

Yours truly,

*C. Reed*

Cordell Reed  
Manager of Nuclear Operations
