Nuclear Engineering Company
ATTN: Mr. Thomas S. Baer
P.O. Box 7246
Louisville, KY 40207

Gentlemen:

Certificate of Compliance Nos. 6058 and 6144 for the Models B3-1 and 6144 expire on December 31, 1979.

If you desire to continue use of these packages, submit a consolidated application for renewal for Certificate 6144 and request a renewal for Certificate 6058.

Eight copies of each application should be provided. In addition, the renewal fee prescribed in 10 CFR §170.31 should be included with your request for renewal of each Certificate.

This notice of the expiration of these certificates is sent for your convenience, and it should not be interpreted that similar notices will be sent in the future.

Sincerely,

A handwritten signature in cursive script that reads "Charles E. MacDonald".

Charles E. MacDonald, Chief
Transportation Certification Branch
Division of Fuel Cycle and
Material Safety
