

UNITED STATES OF AMERICA  
NUCLEAR REGULATORY COMMISSION

Before the Atomic Safety and Licensing Board

In the Matter of: )  
SACRAMENTO MUNICIPAL )  
UTILITIES DISTRICT )  
( Rancho Seco Nuclear )  
Generating Station )

Docket No. 50-312

Attached is the Statement of Issues of Concern to the California Energy Commission, submitted to the Atomic Safety and Licensing Board on August 1, 1979 at the Prehearing Conference on the above-entitled matter. Pursuant to the Board's Order at the Conference, the California Energy Commission will be discussing modifications of this Statement with other parties in an attempt to stipulate issues for hearing. The California Energy Commission will inform the Board by August 20, 1979, of any revisions to this Statement.

Dated: August 3, 1979

Respectfully submitted,
