Based on the inspection conducted on August 20-24, 1979, it appears that certain of your activities were in noncompliance with NRC requirements, as noted below. This item is a deficiency.

Condition 21 of License No. 22-00057-06 incorporates by reference your Surface Contamination Assessment Program as described in Section IV, Paragraph II(D)(4) of the Health Physics Manual. This section specifies, among other requirements, that the Health Physics Group conducts a wipe test survey in all Green, Yellow, and Red areas at least once a week.

Contrary to this requirement, no such survey was conducted by the Health Physics Group in Green areas of Building 575 during the period July 26 through August 7, 1979, inclusive, a period in excess of one week.
