Those on Attached List

Gentlemen:

Subject: Presentation on Results of Research Conducted on Penetration Fire Stops

There will be a presentation by Dr. Brady Williamson of Lawrence Berkeley Laboratory on November 28, 1979, at 9:30 a.m. in Room 106, Willste Building. The presentation will cover the results of research conducted on penetration fire stops. A status report on the Arkansas Nuclear One replication fire test will also be given.

Sincerely,

Ronald Fenit
Research Support Branch
Division of Reactor Safety Research
