Gentlemen:

Thank you for your letter dated November 6, 1979, informing us of the steps you have taken to correct the items of noncompliance which we brought to your attention in Inspection Report No. 50-329/79-20 and No. 50-330/79-20 forwarded by our letter dated October 10, 1979. Based on our telephone discussion with Mr. J. Corley of your staff on November 21, 1979, we understand that all memos pertaining to construction methods are being reviewed to determine if specifications were inadvertently changed. This review is documented in your memo (Howe-293-79) to Mr. Harold Denton, NRR dated November 13, 1979, Page 23-9. We will examine these matters during a subsequent inspection.

Your cooperation with us is appreciated.

Sincerely,

Gaston Fiorelli, Chief
Reactor Construction and
Engineering Support Branch
