Mr. Gustave A. Linenberger  
Atomic Safety and Licensing Board  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

In the Matter of  
Puget Sound Power & Light Company, et al.  
(Skagit Nuclear Power Project, Units 1 and 2)  
Docket Nos. STN 50-522 and STN 50-523

Gentlemen:

Enclosed is a revised copy of "Supplemental Testimony of Louis Gittleman regarding Financial Qualifications", dated August 14, 1979. This version of Mr. Gittleman's testimony replaces his previously distributed testimony dated June 29, 1979. Mr. Gittleman's August 14, 1979 testimony reflects the results of an updated run of the CONCEPT computer model for the cost of the proposed Skagit facility. For your convenience, a copy of Mr. Gittleman's professional qualifications is attached to his prefiled testimony. There have been no changes to his professional qualifications statement.

Also enclosed is the "NRC Staff Supplemental Testimony on Floodplain Management" by L. G. Hulman and E.A. Stull. Attached to this testimony is Mr. Hulman's statement of professional qualifications. The issues of financial qualifications and floodplain management will be scheduled for the hearing session to commence on August 27, 1979.

In addition, enclosed is an errata statement regarding the SER and SER Supplement. These documents will be offered into evidence by I. Peltier, the Licensing Project Manager, and have been previously distributed to the Board and the parties.

The Staff has discussed a tentative schedule with the Applicant regarding the August hearing. All of the outstanding issues discussed between the Board and the parties at the last hearing session will be scheduled for the August hearing with the exception of geology-seismology and the coal/nuclear health comparison (including radon). Staff is not prepared to offer testimony at this time on these two issues and, accordingly, they will be scheduled for

October 1979. In addition, the October hearing will also include the recall of the Applicant's panel on quality assurance. The tentative schedule for the August hearing is as follows:

August 27: A.M. Staff's offer of SER and SER Supplement (I. Peltier)  
P.M. Floodplain Management (L.G. Hulman and E.A. Stull)  
August 28: Evacuation Planning (Staff: J. Martin)  
August 29: A.M. Evacuation Planning (SCANP: M. Darland)  
P.M. Evacuation Planning (Applicant's Rebuttal: J.W. MacIsaac)  
August 30: Financial Qualifications (Applicant's Panel)  
August 31: A.M. Financial Qualifications (Staff: L. Gittleman)  
P.M. Financial Qualifications (SCANP: J. Lazar)

Sincerely,

  
Richard L. Black  
Counsel for NRC Staff
