Gentlemen:

Thank you for your letter of October 12, 1979, informing us of steps you have taken to correct the items of noncompliance and deviation concerning activities under NRC Operating License Nos. DPR-62 and DPR 71 brought to your attention in our letter of September 19, 1979. We have examined your corrective actions and have no further questions at this time. Also, your comments on deviation items A.2 (Design of sprinkler systems for cable spreading areas) and B (Nonindicating type fire protection control valve) are being forwarded to our Office of Nuclear Reactor Regulations for evaluation. These items will be reexamined upon completion of this evaluation.

We appreciate your cooperation with us.

Sincerely,

Charles E. Murphy, Chief  
Reactor Construction and Engineering
