MEMORANDUM FOR: D.F. Ross, Director, Bulletins & Orders Task Force
FROM: P.E. Norian, Analysis Group, Bulletins & Orders Task Force
THRU: Z.R. Rosztoczy, Chief, Analysis Group, Bulletins & Orders Task Force
SUBJECT: STATUS OF COMBUSTION ENGINEERING LOFT L3-1 PRE-TEST CALCULATION

A meeting was held in Windsor, Connecticut on November 19, 1979 to discuss the status of Combustion Engineering's pre-test calculation for the LOFT L3-1 experiment. This meeting was attended by representation from the CE Owner's Group, CE, and the NRC. Meeting minutes, which describe the status and additional evaluations to be performed by CE, were prepared and signed by representatives of each group at the conclusion of the meeting. These meeting minutes are attached to the letter.
