Dear Mr. Beanblossom:

This refers to: (1) your amendment request dated May 31, 2019 for adding an Authorized User, and (2) our email conversation on July 10, 2019. In the email a request was made for additional information. There were numerous subsequent emails and phone calls to follow up on the request, but the required information was not received in a timely manner as of September 10, 2019.

As we discussed via email, we have voided your request to add this Authorized User. This action is without prejudice to resubmission. If you resubmit your request, in order to avoid an additional fee, please state that the resubmission is additional information to Control Number 612512.

Please note, however, that if you request any other changes to your license in addition to providing the above, referenced responses, an amendment fee will be required.

If you have any questions or require clarification on any of the information stated above, you may contact us at (630) 829-9887.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,
