F. M. Fox & Associates, Inc.  
Attn: William H. Thornley, Jr.  
Vice President - Safety Officer  
4765 Independence Street  
Wheat Ridge, Colorado 80033

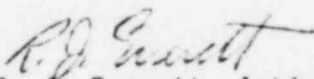

Gentlemen:

Thank you for your letter of October 9, 1979, in response to our letter and the attached Notice of Violation, dated August 23, 1979.

As discussed with Mr. William H. Thornley on October 22, 1979, you must request amendment of your license through the Materials Licensing Branch in Washington, D.C., in order to properly designate the current radiation protection officer at your Sedalia, Missouri facility. Licensable activities are not in accordance with NRC requirements unless and until they are specifically authorized by the NRC. Your continued attention to this point is required.

We have no further questions regarding the remaining matters, and we will review your corrective action during a future inspection.

Sincerely,

  
R. J. Everett, Acting Chief  
Fuel Facility and Material  
Safety Branch
