MEMORANDUM FOR: T. Ippolito, Chief, Operating Reactors Branch #3, DOR
FROM: G. Lainas, Chief, Plant Systems Branch, DOR
SUBJECT: BRUNSWICK STEAM ELECTRIC PLANT, UNIT 2 - SAFETY
EVALUATION FOR N-1 LOOP OPERATION

In response to technical assistance request, TAC 6171, enclosed is the Plant Systems Branch Safety Evaluation Report for single loop operation of Brunswick Unit 2. We find the proposed modifications to the plant for single loop operation as described in Carolina Power and Light Company's submittal to be acceptable.

G. Lainas, Chief
Plant Systems Branch
Division of Operating Reactors
