DETAILS

1. Person Contacted

   Dr. James L. Gooch

2. Expiration of License

   The inspector telephoned the licensee on January 15, 1980 and notified him that his License 37-06520-02 had expired on June 30, 1979. The licensee informed the inspector that they still possessed the byproduct material and wished to maintain this license. A letter, together with an NRC-313 application form, was sent to the licensee informing him that this possession constituted noncompliance with 10 CFR 30.3.

3. Application for New License

   On March 21, 1980, the Region I office received an Application for Byproduct Material License from the Licensee for the Byproduct Material. This application was forwarded to the Materials Licensing Branch for appropriate action.

4. Evaluation by the Regional Office

   Region I has evaluated the information supplied by the licensee, and since an application has been filed for the material involved, determined that no further action is required by this office.
