Dear Mr. Goldman:

This letter is to acknowledge receipt of your request that activities under License No. SNM-960 be suspended at General Electric Company's Vallecitos Nuclear Center.

Your request for action is similar to one recently received from the Friends of the Earth, a copy of which is enclosed. Because of the similarity between the two petitions, they have been consolidated for consideration under 10 CFR 2.206 of the Commission's regulations.

You may be assured that within a reasonable time we will take appropriate action concerning this matter.

Sincerely,

William J. Dircks, Director
