Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Denton:

SUBJECT: Grand Gulf Nuclear Station
File 0272/0260/L-860.0/5890
Transmittal of Contingency Plan
AECM-79/25

Mississippi Power & Light Company, for itself and on behalf of Middle South Energy, Inc., herewith files, in support of the Application for Licenses dated June 30, 1978 and filed in accordance to 10 CFR Section 2.101(a), the contingency measures for the protection of the Grand Gulf Nuclear Station Units 1 and 2 in which licensed special nuclear material will be possessed and used. Although the Contingency Plan does not include the detailed physical protection measures for special nuclear material, we believe there is sufficient information contained in the plan that, if released to the general public, protection of this material may be degraded. Therefore, pursuant to 10CFR 2.790(d)(1) and 10CFR9.5, this information should be considered confidential and withheld from public disclosure.

Five (5) copies of the proprietary plan are enclosed in a separate envelope so marked proprietary.

Sincerely,

Norris L. Stampley
