Gentlemen:

This is in response to your letter of January 18, 1979 requesting our LEMUF formulation as stated in Section 3 of our FNMC manual.

We believe the attached model which we are currently using for LEMUF calculations is more than adequate to create meaningful LEMUF quantities. However, if you should have any questions concerning this matter please write to Mrs. Rosemary Dalton or me at the above address or telephone either of us on (803) 776-2610.

Sincerely,

Harold Foster
