P. O. Box 1535
Richmond, Virginia 23212

Dear Case:

Enclosed is a copy of my recent Rn-222 impact affidavit as you requested in January. I have also enclosed a subsequent draft affidavit extending the analysis to the question of health effects from the coal and nuclear fuel cycles. The present status of these impact assessments is uncertain - the lawyers are hung-up over the ASLAB decision on Three Mile Island. I hope these will be of assistance to you.

Sincerely yours,

/s/
