Docket Nos.: 50-443
50-444

Robert A. Backus, Esq.
O'Neill, Backus & Spielman
116 Lowell Street
Manchester, New Hampshire 03105

Dear Mr. Backus:

This letter is written in response to your letter of September 11, 1979, in which you requested advice regarding the anticipated schedule for action on your two petitions concerning the construction permits for the Seabrook Station. Your petitions are being treated under 10 CFR 2.206 of the Commission's regulations. A memorandum filed by the New England Coalition on Nuclear Pollution (NECNP) in support of your position is being considered in conjunction with your petitions.

We anticipate that action will be taken on both of your petitions by November 1979. You will, of course, be informed of any action taken on your petitions. I trust this letter responds to your concerns.

Sincerely,

A handwritten signature in cursive script that reads "Harold R. Denton".

Harold R. Denton, Director
Office of Nuclear Reactor Regulation
