Docket No. 50-289

Gentlemen:

This refers to the inspection conducted by Mr. J. P. Stohr of this office on January 11 and 12, 1972 of activities authorized by AEC Construction Permit No. CPPR-40, and to the discussion of our findings held by Mr. Stohr with Mr. Herbein and Mr. Deakin of your staff at the conclusion of the inspection.

Areas examined during this inspection were associated with the environmental monitoring program and included: program administration; sampling; special studies; equipment; and station locations. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with plant personnel and observations by our inspector.

Within the scope of the inspection, no items of nonconformance were observed.

No reply to this letter is necessary; however, should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Very truly yours,

James P. O'Reilly
Director
