Gentlemen:

This refers to the Initial Management Meeting conducted by Messrs. A. F. Gibson and G. R. Jenkins of this office on October 17, 1979, of activities authorized by NRC Construction Permit No. CPPR-94 for the V. C. Summer Nuclear Station, Unit 1 facility, and to the discussion held with Mr. O. S. Bradham, and other staff representatives.

Areas examined during this inspection are discussed in the enclosed inspection report. Within these areas, the inspection consisted of discussions with licensee management representatives by the inspectors.

Within the scope of this inspection, no items of noncompliance were disclosed.

In accordance with Section 2.790 of the NRC's "Rules of Practice" Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the period will be placed in the Public Document Room.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

J. T. Sutherland, Chief
Fuel Facility and Materials
Safety Branch
