

Thomas J. Martin
Vice President
Engineering and Construction

Public Service Electric and Gas Company 80 Park Place Newark, N.J. 07101 201/430-8316

December 14, 1979

Mr. Boyce H. Grier, Director
U. S. Nuclear Regulatory Commission
Office of Inspection and Enforcement
Region 1
631 Park Avenue
King of Prussia, Pennsylvania 19406

Dear Mr. Grier:

OFFICE SPACE REQUEST
NRC RESIDENT INSPECTOR PROGRAM
HOPE CREEK GENERATING STATION
DOCKET NOS. 50-354,50-355

In response to Mr. Victor Stello's written request of November 28, 1979, for on-site office space, Public Service Electric and Gas Company will make space available to the NRC as follows:

1. One (1) fully enclosed office, containing approximately 330 square feet of floor space, will be provided on the first floor of the Hope Creek site office complex.
2. Heat, lighting, air conditioning and janitorial service will be provided by PSE&G. The office is presently equipped with five (5) 120 volt duplex electrical outlets.
3. The designated office is located between offices presently occupied by the PSE&G Electric Production Department and PSE&G's financial auditors.

This office space will provide the inspector and secretary the visual and acoustic privacy required by 10CFR50.70(b).

In order to schedule receipt and set-up of office furniture by site personnel, please contact Mr. Wayne Bass of PSE&G at
