Dear Mr. Davis:

With reference to the inspection conducted by Mr. Burgin, please accept the following information:

1. To meet the Nuclear Regulatory Commission requirements, the hospital Radiation Safety Committee will meet quarterly and maintain records of the meetings.

2. The nuclear medicine technologist has been informed of the importance of the area surveys and he shall perform the area surveys, without fail, on the day-of-use basis.

I hope the above information is satisfactory.

Sincerely,

Robert G. Knapp
