RE: RADIOCAT, LICENSE NUMBER 45-25330-01
Docket No: 030-33825
Control No: 611797

Dear Ms. Nguyen:

This letter is in response to your request for additional information, delivered via electronic mail on June 11, 2019 and August 29, 2019. Please see our responses below.

Also, please note that "PetVet RC, LLC" changed its name to "PetVet Radiocat, LLC" on April 30, 2019.

1. Please confirm the name that should be listed on the license, and provide supporting documentation. Previously, the licensee name was Radiocat, LLC. In your license renewal application, you indicated the name was Radiocat, PC. In our request for additional information dated October 23, 2015, we asked you to confirm the name, and to indicate if the company had been restructured or if a transfer of control had occurred. In your response dated November 24, 2015, you stated the following:

The name on the application, Radiocat, PC, is correct. The company has not been restructured and no change of ownership has occurred. At the time of July 14, 2000 application, the location of use was Radiocat, LLC in Springfield, Virginia. Other locations of use were added and Virginia became an Agreement State and was removed from the license. The other locations are correctly named Radiocat, PC.

Response: The correct name is Radiocat, LLC. The application dated April 27, 2016 was erroneously submitted in the name of Radiocat PC. Previously, the license had been issued to Radiocat, LLC.

NMSS/RGNI MATERIALS-002

Rec'd. in LAT-09/11/2019

2. Since this action involves a transfer of control, the April 18, 2019 letter should have been signed by the owners/senior management of Radiocat, PC (Rand S. Wachsstock, DVM and David S. Herring, DVM) and PetVet Radiocat, LLC. In your reply to this letter, please have correspondence signed by owners/senior management of both entities, and please confirm that they abide by all statements and commitments made in the April 18, 2019 letter.

Response: Each of Radiocat, LLC and PetVet Radiocat, LLC, by signature below, confirms to abide by all statements and commitments made in the April 18, 2019 letter.

3. Please confirm that there are no changes in staff duties that relate to the licensed program, facilities, equipment, radiation safety program, use, possession, waste management, or other procedures that relate to the licensed program.

Response: Confirmed no changes.

4. Please describe the status of the licensee's facilities, equipment, and radiation safety program, including any known contamination and whether contamination will occur prior to transfer. Please include the status of calibrations, leak tests, area surveys, wipe tests, training, quality control, and related records.

Response: Facilities, equipment, and the Radiation Safety program will not change. No known contamination exists. At the end of each treatment cycle, the facility is surveyed and cleaned to remove any contamination resulting from the treatment cycle. All required area surveys, wipe tests, training, and quality control are current.

5. Please confirm that all records concerning the safe and effective decommissioning of the facilities will be maintained at their current sites. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

Response: Confirmed, that all such records will be maintained at their current sites.

6. Please confirm that both transferor and transferee agree to transferring control of the licensed material and activity, and the conditions of transfer, and that the transferee has been made aware of any open inspection items and its responsibility for possible resulting enforcement actions.

Response: By signature below, both transferor and transferee agree to the above statement.

7. Please confirm that the transferee will abide by all constraints, conditions, requirements, representations, and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.

Response: By signature below, transferee agree to abide by the above statement.

8. In order for the NRC to determine if this change of control is to a "known entity," please indicate if PetVet RC, LLC possesses any NRC or Agreement State licenses. If so, please provide a copy. If none, please indicate if PetVet RC, LLC possesses any X-ray registrations with state agencies, and please provide a copy.

Response: None.
