Subject: [External_Sender] Re: Norwich Cardiac Medicine Sealed Source Proper Disposal
Date: Thursday, September 19, 2019 2:50:40 PM

Mr. Seeley,

The status is unchanged from my last discussion with Ms. Nguyen.

The practice is non operational from a nuclear medicine standpoint since Dr. Chakrabarti's death in December of 2018. Whatever source material was on hand at that point is presumably still in the office. As Ms. Nguyen was made aware , the office space was leased from Norwich Medical Arts LLC, (NMA) . NMA filed an eviction action and a judgment of possession entered effective August 31, 2019. NMA was made aware that there was source material within the demised premises and that it needed to be accounted for and disposed of as per NRC regulations and federal statutes. I also have notified Bob Tokarz, NCM's designated safety officer on the license , of the situation.

I intend to provide NMA and it's attorney with the contact information of your office and Mr. Tokarz as well as the documentation Ms. Nguyen and Mr Tokarz provided regarding process .

The practice has no appreciable assets and has filed for insolvency in Probate Court for the district of Old Saybrook.

I'm more than willing to speak to you tomorrow. Either call the office 860-889-8900 or my cell phone 860-608-9131.

Don

> Good afternoon. I am following up on status of the materials licensed under NRC license no. 06-35046-01. We need to discuss the path forward for the safe and proper removal of all the licensed material held under the license to prevent abandonment. We understand there is no money from the estate for sealed source disposal at this time. Please let us know when you would like to discuss this urgent matter.
