Gentlemen:

This refers to your letter of December 20, 1978 notifying us of your intended use of the B3-1 under the general license provisions of §71.12(b) of 10 CFR Part 71. Please note that Section 71.12 of 10 CFR Part 71 was amended October 18, 1977 to require as a condition of the general license provisions an approved quality assurance (QA) program. In that you did not file a QA program by January 1, 1979, the authorization to deliver licensed material to a carrier for transport under Section 71.12 of 10 CFR Part 71 has terminated. It will be necessary for you to obtain an approved QA program prior to the registration as a package user or the delivery of licensed material to a carrier for transport pursuant to 10 CFR Part 71.

Sincerely,

Charles E. MacDonald, Chief
Transportation Branch
Division of Fuel Cycle and
Material Safety
