

TERA

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

October 26, 1979

Docket Nos. 50-289
and 50-320

Mr. R. C. Arnold
Senior Vice President
Metropolitan Edison Company
Post Office Box 1909
York, Pennsylvania 17405

Dear Mr. Arnold:

Your letter of October 23, 1979, describes your plans for maintaining suitable tankage at TMI-1 in the event it becomes necessary for storage of TMI-2 waste water. We consider the plans outlined in your letter, namely, holding a minimum of one TMI-1 bleed tank available and processing BWST water promptly to make a second TMI-1 bleed tank available, to be acceptable. However, please notify this office promptly if less than one TMI-1 bleed tank is available for contingency storage or if any TMI-2 waste water is transferred to TMI-1 tankage.

Sincerely,

A handwritten signature in cursive script, appearing to read "R. H. Vollmer", is written over a horizontal line.

Richard H. Vollmer, Director
TMI-2 Support
