Dear Mr.HHelfrich:

Enclosed please find an application from Metal Bellows Corporation for a license to export specially designed components to Spain for use in the Lemoniz 1 nuclear reactor facility.

Before taking action on this license application, we would appreciate your views, in accordance with established procedures and from the overall perspective of the Executive Branch, as to whether the issuance of the requested license would be inimical to the interests of the United States, including the common defense and security, and whether the proposed export meets the applicable criteria in the Atomic Energy Act as amended by the Nuclear Nonproliferation Act of 1978.

Sincerely,

Original signed by
