MRS. A. K. BATES • NEWFIELDS ROAD • EXETER, NEW HAMPSHIRE

Dr Harold Denton - Director
Nuclear Regulatory Commission
Washington, D.C 20555

July 11, 1979

Dear Dr. Denton -

As a resident of New Hampshire's Sea-coast, I am deeply concerned with the safety aspects of the Seabrook Nuclear Power Plant. In view of the Three Mile Island, the evacuation issue is of primary concern.

I feel that Public Service Company shows its bureaucratic contempt for people by demonstrating its lack of responsibility in this area. Until PSC and the N.R.C. can draw up adequate evacuation plans construction must be stopped. I support the actions of the Seacoast Anti-Pollution league in its efforts to request construction stoppage until this matter is resolved to the safety & satisfaction of New Hampshire citizens.

Sincerely, Frances R. Bates
