License No. 14-00019-06

Gentlemen:

This refers to the inspection conducted by Messrs. C. T. Oberg and J. R. Martin of this office on May 27-29, 1980, of activities at Iowa State University of Science and Technology authorized by NRC License No. 14-00019-06 and to the discussion of our findings with Dr. A. F. Voigt and others of your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license. The inspection consisted of a selective examination of procedures and representative records, observations, independent measurements, and interviews with personnel.

No items of noncompliance with NRC requirements were identified during the course of this inspection.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

A handwritten signature in dark ink, appearing to read "A. B. Davis".

A. B. Davis, Chief
Fuel Facility and
Materials Safety Branch
