

Appendix B

NOTICE OF PROPOSED IMPOSITION OF CIVIL PENALTIES

Atomic Disposal Company, Inc.

License No. 12-11286-01

This office proposes to impose civil penalties pursuant to Section 234 of the Atomic Energy Act of 1954, as amended (42 USC 2282), and to 10 CFR 2.205 in the amount of Five Hundred Dollars (\$500) for the specific item of noncompliance set forth in Enclosure A to the cover letter. In proposing to impose civil penalties pursuant to this section of the Act and in fixing the proposed amount of the penalties, the factors identified in the Statements of Consideration published in the Federal Register with the rule making action which adopted 10 CFR 2.205 (36 FR 16894) August 26, 1971, and the "Criteria for Determining Enforcement Action," which was sent to NRC Licensees on December 31, 1974, have been taken into account.

Atomic Disposal Company may, within twenty (20) days of receipt of this notice pay the civil penalties in the amount of Five Hundred Dollars (\$500) or may protest the imposition of the civil penalties in whole or in part by a written answer. Should Atomic Disposal Company fail to answer within the time specified, this office will issue an order imposing the civil penalties in the amount proposed above. Should Atomic Disposal Company elect to file an answer protesting the civil penalties, such answer may (a) deny the item of noncompliance listed in the Notice of Violation in whole or in part, (b) demonstrate extenuating circumstances, (c) show error in the Notice of Violation, or (d) show other reasons why the penalties should not be imposed. In addition to protesting the civil penalties in whole or in part, such answer may request remission or mitigation of the penalties. Any written answer in accordance with 10 CFR 2.205 should be set forth separately from the statement or explanation in reply pursuant to 10 CFR 2.201, but may incorporate by specific reference (e.g., giving page and paragraph numbers) to avoid repetition.

Atomic Disposal Company's attention is directed to the other provision of 10 CFR 2.205 regarding, in particular, failure to answer and ensuing orders; answer, consideration by this office, and ensuing orders; request for hearings, hearings and ensuing orders; compromise, and collection.

Upon failure to pay any civil penalty due which has been subsequently determined in accordance with the applicable provisions of 10 CFR 2.205, the matter may be referred to the Attorney General, and the penalty unless compromised, remitted, or mitigated, may be collected by civil action pursuant to Section 234c of the Atomic Energy Act of 1954, as amended, (42 USC 2282).
