NOTICE OF VIOLATION

Hayes Testing Laboratory

General License

Based on the Investigation conducted on January 5, 1980, it appears that certain of your activities were in noncompliance with NRC requirements, as noted below. This item is an infraction.

10 CFR 150.20(b) requires Licensee's of Agreement States engaging in activities in a Non-agreement State as a general licensee to comply to the provisions of 10 CFR Part 20. 10 CFR 20.402(a) requires licensees to report by telephone to the appropriate NRC Regional Office immediately after its occurrence becomes known to the licensee, any loss or theft of licensed material in such quantities and under such circumstances that it appears a substantial hazard may result to persons in unrestricted areas.

Contrary to the above, the licensee failed to report to the NRC the theft of a 35 curie iridium 192 sealed source which occurred in Indianapolis, Indiana on January 4, 1980.
