Ms. Jeanne H. Cook, Asst. to the Chief,
Special Projects Branch
Office of Management and Program Analysis

Dear Jeanne:

I want you to know that Mr. William A. Schaeffler, Director, Combined Federal Campaign, for the National Capital Area, sent me a letter of appreciation for making you available to them as a Loaned Executive. Mr. Schaeffler also expressed his appreciation for the leadership and assistance you have given that organization in planning and conducting the 1979 CFC Campaign. I understand that through your efforts the units under your responsibility exceeded last year's dollar goal by 14%.

It's nice to know that not only did one of our own contribute to the success of the campaign but above all helped build a better community and a more compassionate world for us all to live in.

Thanks for a job well done.

Sincerely,

Joseph M. Hendrie
Chairman
