DOCKET #70-925

Dear Mr. Rouse:

In January of 1978 we requested an amendment to License SNM-928 to raise our possession limit to 3 kilograms of U-235. Due to cleanout activity since the amendment went into effect, we have reached our 3 kg. possession limit.

As a result, we have need to increase the possession limit of this license. Therefore, would you please change paragraph 8, "Maximum amount that licensee may possess at any one time under this license" from 3.0 kilograms to 4.0 kilograms.

We understand no additional fee is necessary.

Very truly yours,

W. J. Shelley, Director
Regulation and Control
