Pilgrim Nuclear Power Station
Offsite Dose Calculation Manual

Reference: a) Letter from T. A. Ippolito to
G. C. Andognini dated February
23, 1979

Dear Sir:

Please find attached for your review the Pilgrim Nuclear Power Station Offsite Dose Calculation Manual (ODCM). This manual was originally intended to accompany our proposed Radiological Effluent Technical Specifications (Appendix I), but was not yet completed at that time.

Reference a) granted a 30 day extension to the required submittal date and requested that we submit those portions of the ODCM that are complete by March 13, 1979. Therefore, the ODCM as now submitted should be considered as a "Draft" edition with a revision(s) to follow at a later date.

If during your review you should have any questions or concerns please contact us.

Very truly yours,

G. Carl Andognini

Attachments: ODCM (3 copies)
