In the Matter of :
OFFSHORE POWER SYSTEMS : Docket No. STN 50-437
(Manufacturing License for :
Floating Nuclear Power Plants) :

APPLICANT'S MOTION (#10) TO
ESTABLISH SCHEDULE

In accordance with the Atomic Safety and Licensing Board ("Board") Order dated February 16, 1979, Offshore Power Systems ("Applicant") has conferred with all parties¹ to this proceeding regarding the scheduling of a hearing on Atlantic County Citizens Council on Environment ("ACCCE") Contentions 3a and 3c.² Applicant hereby requests that the Board issue an order scheduling resumption of hearings on these two contentions to commence at 9:30 a.m. on Wednesday, April 4, 1979, in Bethesda, Maryland, and to continue thereafter until conclusion. All parties have no objection

¹Atlantic County Citizens Council on Environment, Atlantic County Board of Chosen Freeholders, Natural Resources Defense Council, Inc., the State of New Jersey, and the NRC Regulatory Staff.

²These two contentions, as admitted in the Second Prehearing Conference Order dated May 21, 1974, are set forth in footnote 2, p. 4, of "Applicant's Motion (#9) to Establish Schedule" dated February 6, 1979.

to the scheduling of hearings on the two ACCCE contentions during the period April 4-6, 1979, at the proposed location.

The Board's Order of February 16, 1979, requested submission of alternative hearing dates. Applicant has therefore conferred with the parties regarding secondary hearing dates if the proposed date of April 4, 1979, is not convenient to the Board. In this regard please be advised that the parties have informed Applicant that they would not object to the scheduling of hearings in Bethesda, Maryland, during the week of April 23, 1979.

It is respectfully suggested that the Board require that all parties file an identification of the evidence they expect to present at the resumed hearings, including supplemental testimony, if any, and a listing of witnesses ten (10) days prior to the date established by the Board for resumption of hearings.

Respectfully submitted,

Counsel for Applicant, Offshore
Power Systems
