Dear Mr. Grier:

BEAVER VALLEY POWER STATION - UNIT NO. 2  
Docket No. 50-412  
IE Bulletins 78-12/12A/12B  
"Atypical Weld Material in Reactor  
Pressure Vessel Welds"

Following successful negotiations between Westinghouse Electric Corporation and Combustion Engineering relative to the submittal schedule for the information requested in the referenced IE Bulletins, Duquesne Light Company has been informed by Westinghouse that the necessary weld material data are expected to be available on or about May 31, 1979. Therefore, we request that our required response date be changed to July 2, 1979.

Should you have further questions, please contact us.

Very truly yours,

E. J. Woolever  
Vice President
