Notice of Appeal

This is my formal notice of appeal of November 19, 1979 "Order" by Chairman Sheldon J Wolfe which denied my full party status in the Allens Creek Construction permit proceedings.

Brief.

1, Under the rules of the U.S. Nuclear Regulatory Commission I have time to file petition 15 days prior to the special or not special conference to which I have done so on September 25, 1979. 44 Federal Register 47653 on August 14, 1979 disregarded the regulation.

2, The "Order" also mentioned that the "writers" thereof did not state that they had failed to file petitions for leave to intervene pursuant to the Board's Notices of May 31 and September 11, 1978 because of the restrictions on permissible contentions contained in those notices.

I believe the Board's above Notices were wrong and they violated my rights as a taxpayer, citizen.

Also a, I have an inalienable right to defend my life and property. I have the second right as the ultimate employer of the utility co. or others...
