ATTN: Mr. James M. Allan

Dear Mr. Allan:

We have reviewed the regulations and reporting requirements and found that the information requested is not pertinent to our operations. Pulsar Time, Inc. is a watch distributor. The radioactive material is promethium 147 and is on the face of the watch. We receive the watches with this luminous material already on the watch head. THEIR IS NO CONTAINERIZATION OF RADIOACTIVE ELEMENTS OR WASTE ON THE PREMISES.

We would like to comply with the reporting requirements of the NRC. However, we have not received any information pertinent to our operations. Please send us the forms and/or instruct us as to the nature and format of the required report. The dates of the reporting period are also requested.

Thank you for your attention.

Sincerely,

Pulsar Time, Inc.
